ZOEDONE

ZOEDONE
THE NEW DRINK
A restoring & stimulating but non-alcoholic
BEVERAGE
Letter from Dr Lucas, Bombay, Medical Dept. Author of the Elements of Indian Hygiene etc.
"I am of opinion that your invaluable aerated beverage Zoedone deserves the highest attention at the hands of the Indian public. It is not only a health giving drink but essentially, containing as it does the quadruple phosphates of Iron, Lime, Potash, and Soda, a health restoring drink par excellence, reviving and refreshing the vital powers. It would be a blessing indeed if we could see it introduced into hotels, restaurants, regimental messes and canteens. To weakly females in India it would decidedly tend not only to the amelioration of their own health, but that of their offspring, the future generations of men and women. I need scarcely allude to its indication as a remedial and dietetic agent in cases of malarial cachexy, phithis etc."
Letter from Geo. S. A. Ranke ing. M.A. M.D., Cantab. Surgeon, Indian Medical Department.
"I am of opinion that in Zoedone is to be found a complete solution of the problem which has long exercised the minds of the Medical profession in India, viz., the discovery of a beverage which shall assuage thirst, restore nervous waste, and while being palatable, be also non-alcoholic. It is my firm conviction that if Zoedone be introduced into India it will meet the requirements of those who wish to restore their nervous system without impairing their liver."

Reader,
Do you suffer from Indigestion, Liver or Stomach Complaints? If so, you naturally wish to be cured, but you cannot be while you neglect to try a Holman Liver Pad. If the percentage of cures effected by it is any test of its value, no other remedy known to science can be compared to it,
If you allow prejudice to prevent you trying the Pad, you make a great mistake.

EDUCATIONAL REPORT.

Dr Pizarro, our talented Minister of Public Instruction, has presented his important report to Congress. The Minister corroborates what we have asserted all along respecting the system of education adopted in the Republic. The public men of the country, in their haste to reach a superior stage of education, have overlooked its foundations: thus, Argentines have established a college and an academy for the superior professional and scientific studies, and have disregarded the Primary School and the common education of the people: they have founded an Astronomical Observatory, the talk and admiration of the scientific world, and contempt, indifference, and neglect have stifled all efforts to create a School of Arts and Trades. Verily, the present system of education in the Republic reminds one of an instance when a professor tried to impress on a boy a system of logarithms before he could carry out an addition. Thus, however scientific the education in some departments may be, the system is only convenient to individuals: meanwhile, the people in general lack the foundations of democracy, a solid primary instruction. We have put the cart before the horses, and Minister Pizarro must now find a counterpoise to the present state of affairs.

Whilst we were scrutinizing the heavens, closely watching the evolutions of stars and comets, calculating in the angles of incidence and reflection, thousands of individuals, for want of a School of Arts and Trades, where they might have learnt to sole boots, mend chairs, set type, cut cloth and drive engines, instead of quoting Virgil and Kant, were marching in serried columns through our streets, striking out for rebellion. A better education, more solid principles, a clear insight of mine and thine, of right and wrong, of duty and obedience, are the only counterpoise for such disorganized elements. The great boon of education amongst the people is the notion of good and duty they acquire on the school benches, and which teaches them to seek their own prosperity and that of the country in its industrial progress and obedience to constituted authority.

If we note a melancholy ignorance in the masses, the country cannot expect much from those who receive the enlightened education so extravagantly fostered in every province. Well may one say of the rising generation, what Billault asserted in 1863:—

"With melancholy feelings we see the numerous youth of France, breathing imagination and energy, launched body and soul into journalistic life, into romance and pamphlet careers, living in expectancy of disturbance and social agitation to secure their future, instead of turning their bright qualities to account in the positive labors of life. The evil is great, but the vicious system of education is the only culpable party.

"What instruction have these young men achieved? Have they imbibed notions adequate to show them how to meet the necessities of everyday life? Have their energies been grooved into useful professional careers? No, by no means: with Greece and Rome as models, as idea, their imagination has been excited, their passions have been raised from the arena of actual reality, and the pen is the only im-

EDUCATIONAL REPORT.

Pizarro, our talented Minister
blic Instruction, has presented
mportant report to Congress.
linister corroborates what we
asserted all along respecting
stem of education adopted in
epublic. The public men of
ountry, in their haste to reach
erior stage of education, have
ooked its foundations: thus,
utines have established a col-
and an academy for the supe-
professional and scientific
es, and have disregarded the
ary School and the common

system of education in the Re-
c reminds one of an instance

boy a system of logarithms be-

, however scientific the educa-
in some departments may be,
system is only convenient to
iduals: meanwhile, the people

With melancholy feelings we

em of education is the only cul-

What instruction have these
ng men achieved? Have they

al careers? No, by no means:

plement they have been taught to wield. Emerging from the benches, they dream of societies, of races that are gone, never to come again, and they consecrate their pen to their dreams."

The words of the Frenchman exactly fit Argentine youth, whether educated in Cordoba, that silent city of the Fakirs, or in Buenos Aires, the favourite nook of French scepticism and humour, Dr. Pizarro never said a truer word than when he asserted that through this want of uniformity and harmony in studies, of system and purpose in the instruction of the country, the nation simply squanders its treasures in barren efforts. The present Minister of Instruction is the first one who sees the evil, and, it is to be hoped, that he will resort to the measures which will remove it and completely change the educational system throughout the Republic.

ABOLITION OF FORCED CURRENCY.

We live in an era of projects; each day brings forth some new scheme, some draft of a new law, until the public mind becomes so enveloped in proposed reforms that the people lose faith in the wisdom and experience of their legislators, and the conviction becomes general that all these projects will end in nothing, save the strengthening of the abuses which they were framed to remove. As, however, generally speaking, the last project is considered the best, we give our readers the following scheme presented to Congress for the abolition of forced currency. That it will become law we very much doubt, inasmuch as the project of the National Minister of Hacienda, Dr Romero, has yet to be introduced: it aims at the same reform, namely, the abolition of the forced currency, but, we understand, is more comprehensive, and would have been presented before now, but that Dr Romero is anxious to consult the wishes of the Provincial Government on the matter, and secure its approval before presenting it to Congres.

The Senate and Chamber of Deputies, &c.

Art. 1. To close the account between the National Government and the Provincial Bank, the former shall undertake the conversion and amortization of the 15,000,000 hard dollars of the Bank's emission which it guaranteed by virtue of the Act of 26th September 1876.

Art. 2. The National Treasury shall put a special seal on the notes of this emission that are paid into it, and also on those it may receive from private parties or the Bank itself, up to 15,000,000 pats., the debt of the National Government.

Art. 3. The Provincial Government and its Bank shall be discharged from any obligation to convert or amortize the notes so taken over by the National Government.

Art. 4. The Bank Directors shall arrange with the National Executive to check the amount of notes specially sealed by the Treasury.

Art. 5. The notes so sealed shall be legal tender over the whole Republic and be received in the National offices at their face value, excepting for 50 per cent of Customs Duty, which must be paid in coin of legal tender.

Art. 6. The Act of 26th September 1876 is hereby repealed in all its clauses.

Art. 7. The Treasury shall cancel monthly an amount of these notes equivalent to a twelfth part of the Customs receipts.

Art. 8. The Treasury shall emit six millisns hard dollars in Bonds bearing 6 per cent interest and 1 per cent accumulative amortization by drawings, at par.

Art. 9. The proceeds of the sale of Public Lands shall be applied to the interest and amortization of these Bonds in legal tender coin.

Art. 10. These Bonds can be given in exchange at par to holders of the National notes who desire to convert them in this way, the notes to be immediately cancelled and destroyed.

Art. 11. The Executive can issue these Bonds in a lump sum, or by degrees, but always to an annual amount necessary to cancel at least 1,500,000 of the notes.

Art. 12. Let this be communicated,

T. Achaval Rodriguez, A Soza, D. Rosas, T. Castellanos.

IMPORTANT AUCTION.

On next Saturday Messrs. Baltar and Quesada will hold one of their most important auctions of this season, Mr. Anderson's renowned thoroughbred *Townhill*, one of the best horses ever brought to this country; at the same time also will be sold three other young thoroughbreds, belonging to the same spirited owner, two fillies and a colt. They are now at Baltar's, and the admiration of every one. Respecting the first-named renowned horse, we give the following from Baltar's own pen:—

"TOWNHILL."

By D'Estournel out of Shadow dance.

This now celebrated thoroughbred entire horse was foaled in Feb. 1874, and is now consequently seven years old. He was introduced to this country in 1877 as a 3 year old, but owiag to an accident to his near hind leg while landing, did not appear on our turf here for fully nine months after his arrival.

His owner has run him on every occasion that has presented itself, and always with invariable success, and now only disposes of him from being unable to make any match with him, and there are no handicaps or stakes where he can be entered.

'Townhill' is a bright bay, not at all a large type of the English thoroughbred, but a horse that bears inspection, being splendidly proportioned and well put together, showing immense power behind. He is what can be truly termed a 'stayer,' and our estancieros who aspire to breed winners for the blue ribbon of our turf, should not neglect this opportunity of acquiring a horse that has proved himself on all occasions able not only to 'go the pace,' but to keep it up, or 'stay.'

The horse is in splendid racing condition, and will be at Baltar and Quesada's mart on Saturday, the 21st (day of sale) from an early hour.

GREAT DISCOVERY.

We extract the following from the *Correspondence* of Paris referring to an immense discovery, which will affect all gas companies in the world:

"We have alluded to the Rio Pinto Shares and we now dwell on all the Gaz Parisien in particular and all the shares of gas companies in general. As our investigations are not completed on the matter we merely notify our clients, not to sell their shares, nor to buy any more, and furthermore to await news of the greatest importance and gravity. We beg of those of our subscribers who have gas shares to notify us, that we may telegraph at the opportune moment. We may commit a slight indiscretion by stating that the event will greatly influence the rates of the Banque Europeène; this is one of the motives why we recommended shareholders of the Banque Europeène to hold theirs and wait. Our clients who followed our advice have thereby reaped a profit of 100 francs, which justifies our foresight. We beg to repeat that this rise is only the first step towards a still much more important one.

"To-day we may announce the greatest discovery of the age, and to which we have alluded in previous numbers, viz;—the practical and economical application of electricity to the production of force and light. The discovery to-day is a fact, and will have the following immediate consequences.

1st.—Nearly complete ruin of all Gas Companies.

2d.—The fortune of all tramway companies and transport in general.

3d.—A temporary depreciation and paralyzation in the coaling industry.

4th.—A considerable fall in price, at short intervals, of certain metals.

"The discovery will raise the Banque Europeene shares to over 700 frcs, as the founder wishes this banking establishment to profit by same."

BEACONSFIELD.

Another giant passed away!
Of Death another jubilee!
An Empire's idol called to pay
The debt of all mortality!
An Empress helpless by a tomb!
Upon the air a funeral knell!
A universal pall of gloom
Over the land he loved so well!

Ah! England thy new noble gone!
The star so long thy glory sat!
Whom can that mantle fall upon?
Who dare to don that coronet?
The wand to wield that from him fell,
What hand can all thy peerage yield?
Land that Disraeli loved so well,
Where find a second Beaconsfield?

But Death, a feeble conqueror thou!
Take, tyrant, take the helpless clay,
But know there lives amongst us now,
What thou shalt never take away!
The spirit that in life he breathed
Fell not when what thou smotest fell;
It lives!—a heritage bequeathed
To all the land he loved so well.

The spirit of the thoughts he thought;
The spirit of the words he spoke;
The spirit of the deeds he wrought;
The spirit that those words evoke;
The fight that human will can wage—
Its majesty—his seconds tell;
This the imperial heritage
Left to the land he loved so well!

EDITOR'S TABLE.

The *Nacional's* telegram last night announced the resignation of Colonel Santos, and a Ministerial crisis in Montevideo. Santos challenged Judge Fem, but the latter, very properly, refused to be made a target of.

It still rains 'projects,' and a double umbrella is required to save the public head from them. The *Nacion* has uttered the ominous word 'Assignat' in reference to one of them. All the proposals hitherto launched, however, are set aside by sensible people, who want to see that of the new National Finance Minister, which, it may fairly be expected, will be sounder and less weak-kneed than those already published.

In alluding yesterday in 'on Change' to the marvellous run of the new steamer Arizona from England to New York, the printers made us say that the same speed would carry the steamer to Montevideo in *eighteen* days. It should have been *thirteen*. We predicted two years ago, when these new ocean flyers were spoken of, that 'a fortnight would soon be the average time from England to the Plate.' In spite of French Bounties and all that sort of thing, Old England will always keep ahead on her own element. It's wonderful. Here is an ocean palace that dashes across the stormy North Atlantic at a higher speed than an average train on any River Plate railway.

The Postmaster-General has handed us a letter from Washington asking us to look up a long-lost uncle, and, although, as a rule, such relatives are supposed to be hard-hearted, especially if they are wealthy old bachelors, we shall do our best to help the P.M.G. in his search. The gentleman missing is a Mr. Spalding, and his relatives have heard nothing of him for 28 years: it is his niece, the only surviving member of the family, who writes: he is a native of the county Westmeath, Ireland. Can any of our readers oblige us with information about him?

We are asked to correct the version we gave yesterday (taken from a colleague) of the story of the two little orphan boys Emilio and Albert Brown. They are children of North American parents, not English. They were not abandoned on their way but, nor indebted to any 'mayoral' or railway guard for their conveyance here. A kind Porteño gentleman of this city, who bears a good old English name, which he has forbidden us to mention, paid the children's fares from Tucuman to this city, and they are now in his house under his care. They arrived two days before they were expected, which accounts for their being taken to the Orphan Asylum before he could hear of their arrival. Providence has given these little fellows a truly generous-hearted friend in their early misfortune. If all orphans were as fortunate!

There will be a grand review of the troops in garrison on the 25th in Paseo de Julio, a much better place than Plaza Victoria for military manoeuvres.

A girl living in Calle Libertad took a 'refresco' of match heads and cold water on Tuesday, because her papa gave her a rather severe beating, to impress on her the full extent of his objection to the 'novio' she had chosen. In spite of antidotes, the girl is in great danger.

The Boca people are in luck. The 60,000 pats. Lottery prize was won there the other day, and now the 'grande' of Santa Fe has fallen to four lucky mortals down there; a confectioner and a 'cambista' got the largest shares.

We have the *Mercantile Record* of Port Louis, Mauritius, at the service of any of our subscribers who may be anxious for some mulish or empty hogshead news from that quarter.

We regret to announce the death of a much respected Irish estanciero of the north, Mr. Michael Brennan, of the Baradero. Deceased was a native of Wexford, and was one of our oldest and most successful farmers. By industry and economy he amassed a fine fortune. He was much and deservedly esteemed by all, as testified by the immense funeral last Sunday at Areco.

The news from Montevideo is lively. Colonel Santos, the War Minister, made a most unsaintly assault on, and all but kicked, the Criminal Judge, Dr Fein, because the latter had administered a proper dose of punishment to a man arraigned in his court, and who is said to be a friend of the Colonel. The Superior Tribunal has applied to the Chambers to impeach Santos, but it is feared the legislators have neither the pluck nor honesty to do so. This incident shows what respect Oriental Cabinet Ministers have for the Bench of their country.

Messrs. Julian Martinez and Co. sell to-day four of the finest specimens of the British 'Bos' that have ever been seen in this country. Three of them are of the Devon breed, so famous for its meat producing powers. One cannot look at this magnificent Devon trio without feeling a watering sensation in the mouth, while the mind insensibly reverts to the Christmas sirloin in all its lusciousness. Messrs. Runciman and Co. are the importers of these superb animals. Then there is a Hereford, imported by Mr. R.J. Neild—a perfect picture, and for which any man who knows what a bull is will simply give any money. Farmers who want to improve their herds should not miss this sale; they will rarely have such an opportunity.

Grand news from the Garden of the Republic. The extension of the Tucuman Railway northward was begun on Monday last, and the first corps of engineers are encamped five kilometres from the city of Tucuman. 'Viva!'

The Bill leaving the triangular boundary duel between Cordoba, Santa Fe and Buenos Ayres to the arbitration of the Supreme Federal Court was passed by the Provincial Senate, in all its stages, on Tuesday, so this Midshipman Easy business, which has kept the minds of so many landed proprietors in such a very uneasy state for a long time past, is at last on the road to a permanent settlement.

The 'Eclipse' of the River Plate—the famous Townhill—is to be brought to the hammer. The bare announcement puts every racing man on the 'qui vive', as well it may. We refer to the auction of this renowned horse in another column and recommend those who hope to buy him to put a 'pot' of money into their purse before they make the attempt, as the animal is well worth it all,

The Colon opera company make their debut to-night in Poliuto. This is an improvement on the old first nights, when bets used to be made on the respective chances of Trovatore, La Traviata, or Ernani for the first representation.

Mr Robertson, C.E. will commence in a day or two the surveys for the Ensenada and Magdalena Tramway, which will have a branch to Altamirano. It will be a great convenience for farmers in that quarter. The district through which it runs is almost one big field of wheat, flax and maize and the line is pretty certain to pay well.

Governor Cock has got into hot water with the Municipality of Santiago del Estero. H.E. wanted to call one of the streets of the city after himself, and sent an 'order' to the Corporation to make the necessary alteration. The Town Councillors received the order with a unanimous shout of 'cock him up!, not if we know it!' and they resigned 'en masse'. So the matter stands.

General Villegas will return in the Villarino in her next trip from Patagones. His report on Nahuel Huapi and the famous Land of Apples is looked for with great interest.

Our colleague *La Tribuna Nacional* reports the elopement of a married lady at the South end of the town, which caused an immense sensation in the 'barrio'. The husband went about wild with excitement, shouting 'Where is he? Where is he? I will follow him to the ends of the earth and cannot die happily till I—grasp his hand and thank him!' This gentleman has evidently seen 'Divorcons'.

There will soon be neither pardon nor excuse for estancieros who exhaust their lands and ruin their flocks by overstocking, as a new and profitable market will now be opened for their surplus stock. The 19,000 frozen sheep shipped at San Nicolas some months ago in the 'Frigorifique' have been sold in the London market at 4½d per pound, and the meat declared splendid. Here is a new export trade, yet there are some who think that Forced Currency can hold its own still. Perish the thought. Beefsteaks and mutton chops have now joined its enemies, to crush it for ever, and soon there will be wine, sugar and gold and silver ores at their back also.

The Chilians appear inclined to have a genuine South American bobbery over their Presidential Election. Baquedano's partizans have taken to rioting and shouting 'Down with the Ministers!' 'Down with the President!' 'Hurrah for Baquedano!' The military had to be called out, such was the tumult in Santiago on the 2nd inst; but no one dreams of revolution, only a little friendly electioneering shindy, to keep everybody warm and comfortable this cold weather.

The Gold market opened this morning under a species of reaction. Prices dropped so suddenly yesterday that there was very little else to expect, and parties who have large transactions for the end of the month availed of the drop to cover their short sales. The Project influence was, perhaps, less felt to-day, although we think it right to advise the market that Dr. Romero, our Hacienda Minister, has taken the Curso Forzoso question in hand: his proposed law will not be presented to Congress until first submitted to the Provincial Government and Provincial Bank Board, and approved. Merchants and others who still have the Curso Forzoso dust in their eyes will hardly fail to see that a measure introduced by the National Government, and supported and ratified by the Provincial Government and Provincial Bank, cannot fail to prove a success, and whatever speculation may exist in these winter months, the end of the year will, doubtless, bring us the long-looked-for return to specie payments. Even the man who crowd the Bolsa and never can, nor never will, be able to speculate save on the ruin of the country and the consequent rise in gold, cannot be so utterly obtuse as to ignore that a good season this Spring will lift the country out of all its checks and troubles, without even the aid of a project or a paw. All the advices going to Europe now will announce the fact that on January 1st 1882 the country will pay gold.

Gold opened for cash at 28.55 and closed at 23.60; only 53,000 pats sold. For the end of the month 362,000 pats sold, opening at 28.55, rising to 28.70 and closing at opening rate. For June 300,000 pats. sold, opening at 28.35, rising to 28.40 and closing at 28.35, and for July at 28.30. Total sales, 891,000 pats.

Cedulas rule firm as a rock at 97½; very few sold cash, and about 50,000 pats on time.

National Bank Shares dropping; opened at 93½ and closed at 93¼. 325 sold cash, and for end of month about 1,000 sold at 93½. The market presents a queer appearance, and it would seem that to close the month's liquidation very heavy sales have yet to be made.

Tramway Belgrano Shares looking up; 10 shares sold at 65, another small lot at 67½ and holders ask 70. It is surmised that Dr Lucas Gonsalez will sell the line to an English Company, on Mr Shaw's very exhaustive report on the Road. In such case these shares will be worth par gold.

Exchange at last looks up, and just as soon as the National Minister of Hacienda begins to draw we may look for a return of the rates to 49½-¾. To-day there was nothing new from Paris, but the message is hourly expected, as telegrams came yesterday stating that the stock exchange impediment was lifted, which means much. All the English papers teem with Argentine news, but owing to pressure on our columns we must hold our extracts for to-morrow.

The most splendid news on 'Change to-day was from London. The cargo of 18,000 carcasses of frozen sheep taken from San Nicolas some months ago by the 'Frigorifique' has proved a most brilliant success. The meat arrived as fresh as the day it was killed at San Nicolas and was eagerly bought up at 4½d per lb in the market. This news is of immense moment for this country, as it is the dawn of an export trade to which there is no limit but the sheep breeding powers of our estancieros. There is no longer any doubt as to the fact that frozen meat can be profitably exported from this country, and we shall soon probably, see a dozen 'Frigorifiques' employed in this splendid trade.

The sales at the ring were—
For cash 53,000 at 28.65-60
For May 19th 10,000 28.65
For May 21st 91,000 at 28.65-60
For May 31st 362,000 28.55-60-70-65-55
For June 30th 300,000 28.35-40-35
For July 31st 75,000 28.30
Sales, 891,000.
Cedulas—
For cash A 6,050 97½
For May 21st 5,000 97½
For May 31st A 5,000 97½
For June 30th A 25,000 97-½-¼
For August 31st A 10,000 97
Sales, 51,050
Nat. Bank Shares—
For cash 325 shares at 93¼-¼
For May 19th 34 shares 93½
For May 31st 630 shares at 93¼-½-½
For June 30th 100 shares at 94½
Sales, 1,089.
Belgrano Tramway—
For cash 10 shares at 65

Gold at afternoon rules about the same; 70,000 sold for Saturday at 28.65. Prices for June closed at 28.40, and for end of month at 28.60. National Bank Shares flat enough. Some business done at 94; for end of June 93½ end month 93¾. Cedulas firm and in demand; one small lot sold at 97½. Belgrano Tram Shares, 20 at 65.

A little more movement is felt in business circles. More bales are offering for the steamers, and Exchange looks up; bills passed at 48⅝, but takers hold back, as there is no immediate steamer, and ask 49. In Barracas there have been very free sales of wool in these days; one house has bought about 1000 bales, and others have done about the same. A lot of 35,000 arrs. in deposit, which, they say, cost about 145 m$n per arr., in the beginning of the season, sold at 95 and some 20,000 arrs. other lots also in deposit at 85-88; 'en fin,' the wool begins to move off, even though slowly. Messrs. Duggan sold to-day—
1000 arrs. mestiza Lincoln at 90
2500 do good mestiza 88
1500 do do 86-85
500 do lambs' 88
Mr Casey sold—
300 arrs wool 95
1000 do lambs' 90

The sales in both Plazas were much freer this morning, but exporters say that prices are still higher here than in Europe.

The news about the loan is that the impediment to the quotation on the Stock Exchange caused by the Eastern Argentine Railway has been removed, and that the £108,000 stg. due the company will be paid here and not in Europe. We heard on 'Change that the National Government, in view of the heavy guarantee, has decided to take steps for its expropriation.

On Tuesday Messrs Bullrich will sell some splendid English bulls and cows, just landing ex Bessel, a splendid chance for the farmers.

The loss of the Buenos Ayres G. Southern Railway last year in exchange, caused by the 'curso forzoso' amounted to £46,076 stg., we are coming at last to the end of that business.

Minister Uriburu has very properly altered the terms of subscription to the Provincial Rachuelo Loan; the terms, however, are yet unintelligible, the affair so far hangs fire.

The sale of 100 picked cows, out of rodeo of 3500 is reported at 340 m/c.

The Spanish brig Rita, chartered to load beef at Ropetta's for Brazil at 3½.

Nat. Treasury bills discounted to-day at 7½ per cent, this time twelve months the rate was 24 per cent.

7000 ar wool sold in deposit this morning at 90.

Respecting the shipment of ounces to London to bring out sovereigns, we hear the business gives an exchange of 47 40, and Condors 47.65, still it is better to ship the ounces as they are uncurrent in the rivers.

All the bankers laugh at the idea of the country returning to specie payments on Jan. 1st 1882. Those who laugh longest laugh best. A good season, and all will be right; let exporters who have to buy wool in November, look ahead in time, and aprovechar now of high gold and low exchange; in a few months more the tables will be turned.

To-day we received fresh notice from the Provincial Bank. It begins to discount in GOLD on 20th inst.

Freights rule more active but rates the same, bales are coming forward more freely.

The Eastern Argentine Railway in London announces another dividend 10s per share, making 16s now paid; the shares are now up to par.

In nearly all the English papers Minister Garcia published a circular note from the Argentine Foreign Office, giving favorable news from this country.

The Marquis of Januario's report on the South American Republics has been ordered by President Roca to be printed in English pamphlet form for distribution.

The Halley has engaged here for Antwerp—
2000 bales
1000 boxes tongues
1000 bags maize

The Bessel will be up in the morning; she has engaged for Antwerp—
4000 bags maize
2000 salted hides
2000 dry hides

The sale of a lot of classified hides, 3000, at 53 rls. reported.

The Dago loads for Brazil, and sails hence for New York.

Mr von Eiken, who has arrived from Montevideo, was welcomed on 'Change; he looks younger than ever.

The large lot of cattle, 4,500 head and 2,000 sheep advertised by Baltar, have been sold before the auction at reserved price; this shows what is going on in that line To morrow 1,400 head at Sauce Corto will be sold by Baltar, they will probably sell well as cattle are in demand; letters from Bahia Blanca report the sale of flocks of sheep at 33 m/c, lambs gratis, and the cost of driving cattle across the Colorado 16 m/c per head guaranteed against loss.

The Villarino has brought up advices from Rio Negro; cattle and sheep scarce down there, and new settlers starting. The Villarino returns on Tuesday and takes down telegraph material for line Bahia Blanca to Patagones.

Hides—

30,700 dry R. Plate hides
41,000 salted R. Plate hides
16,400 salted Rio Grande hides

8,000 horse hides.

In presence of the limited choice on hand and the advancing season business has lately been very restricted. Prices paid for salted hides show no change on quotations of beginning of April, whereas those for dry are only weakly maintained.

Horse hides are neglected.

Several transactions on delivery have taken place in salted ox and cow hides, details of which will be found at foot.

Sales sum up to—
1,800 dry R. Plate hides
4,200 salted R. Plate hides
1,000 salted Rio Grande hides
1,100 miscellaneous

and the particulars reported of the principal transactions in sound hides on spot are as follows—

4,400 Rio Grande ox, 69½ lb., expected per Jeanne, on private terms for the Continent, [supposed to be 6 19/32d.].
In Liverpool—
5,500 Concordia old season ox, 63½ lb. found takers at 6¾d, tare 5 lbs. ex store, which is a decline; holders of good hides refuse going on selling at this figure and have even refused since 6¾.
Leather—
Is very dull in England. In Germany business is limited in presence of the Frankfort and Leipzig ..... fairs.
Wool—
Imports, 5,500 bales River Plate
Sales, 1,100 bales R Plate
200 bales miscellaneous
Stock, 27,800 bales B. Aires
7,400 bales Montevideo
100 bales Entre Rios
6 000 bales miscellaneous

The demand, which during early part of fortnight was pretty steady at the already reported decline of 5-10c. on January rates, has lately become very quiet as usually the case just before opening of the public sales. The next auctions will begin here on the 20th to close on the 29th inst. and quantities declared for same sum up to 17,966 bales R. Plate.

Quotations for B. Aires invoices averaging a 1½, viz:—
F.1.90-2 for superior wools, 34-36 o/o
F.1.70-1.75 for good to fair, 32-33 o/o
F.1.50-1.52½ for good average, 30 o/o
Fair to good Montevideo shipments averaging a 2½, 40 o/o yield, are worth about 2.05fs. to fs.2.10.

Scoured wools stand in at fs 5 for fair, fs.5 25c. for good, and fs.5.50 for superior 1st [washing and all expenses excluded].

The Arizona has just made the quickest trip on record from Queenstown to N. York, 6 days and 2 hours; she averaged 19 knots, and had she been bound for Montevideo, would have made the run IN LESS THAN 13 DAYS.

Lindan a mas con los Sres W Paste y Ca, Dr Lawsen, Meyer, Ozsiza, Duchiwitz, Altgelt, Napp, Loissoau, Bonorme, Newton, Mulhall y otros, que adquieran en la misma forma hacen diez anos.

La traza del ferro carril de Santa Fe a Santiago, cruza estos campos y se radicara una o dos estaciones en ellas.

Con la base fijada, no se habran puesto en venta campos mas baratos y asi se habran adquirido jamas mejores como calidad, pues el Sr Coronel Obligado dice en su informe que son SUPERIORES a los del Sud de Cordoba y a los del Departamento del Rosario.

Hay campos linderos, que se han vendido (y mostraremos el certificado) a 3000 $fts. la legua.

En la colonia Espin, donde existen mas de 150 familias fundada por el Sr Benitez, se venden las concesiones a 200 $fts de solo 20 cuadras, luego la legua ha producido ya mil onzas de oro, en 80 concesiones.

Los campos estan mensurados judicialmente perfectamente amojonados con grandes postes de nandubay.

Hoy dia, la casa bancaria de los Srs Murrieta en Londres, esta recibiendo los campos del Chaco, del Gobierno de Santa Fe, en pago del emprestito a razon de 1500 $f por legua, y estos son superiores y mas cerca de la capital.

Para terminar: la familia Canepa, es propietaria en el Rosario y esto redobla la garantia.

Por informes, folletos, planos etc, a nuestra casa San Martin 51.
